Re: **2010/2011 School Year Vandalism Reports**

The total number of incidents reported for the 2010/2011 year is 185, at a cost of \$49,669.06, of that amount 90 incidents were during school and 95 were after school. Further breakdown on incidents and costs for the 2010/2011 school year are charted in figures 2 to 5.

Glass replacement accounts for \$24,204.68 of that total of which we recovered \$285.18 from a responsible student this past year. CFL, Keephills, Millgrove, Seba Beach, and Wabamun report no day vandalism while only CFL, and Keephills report no after school incidents during this last school year. Of special note there was no day graffiti vandalism reported this past year.

In reviewing the three year comparison data, the number of instances per year has been on a steady decline however, the costs per year have fluctuated. For a complete breakdown of costs see the Three Year Comparison spreadsheet which itemizes schools with associated incidents and costs by year labeled figures 6 and 7.

If you have any questions please give me a call.
