

Staff and Student use of Personal Devices on the PSD70 Wi-Fi Network

Connecting a Personal Device to the PSD70 Wi-Fi Network

- Select PSD70-WiFi from the wireless network choices.
- Click on **Start** beside Users who have a PSD Network Account.

The screenshot shows a web page titled "PSD-WiFi network" with a "Registration" tab. Under "Welcome", it states: "To gain network access users are required to adhere to our established registration policies. Please select one of the following options:". Under "Users", there is a link: "[Users who have a PSD Network account](#)". To the right, a "START >>" button is circled in red.

- Read and agree to the PSD70-WiFi Acceptable Use Policy.

The User registration process will vary depending on the device

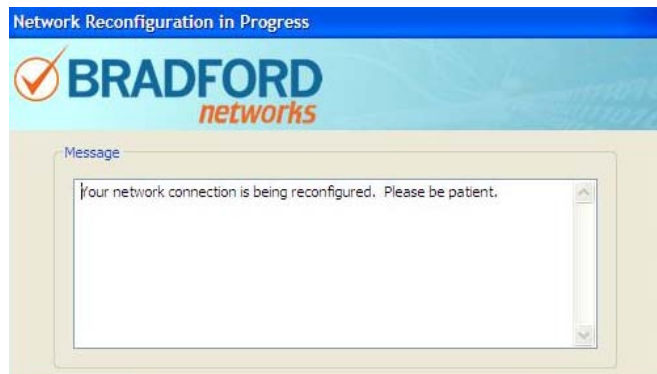

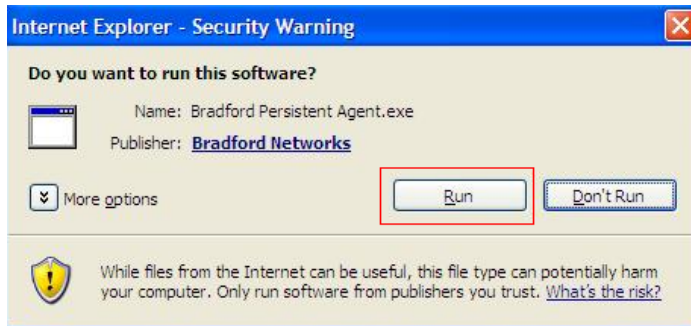

In every situation:

- The PSD70 network account is the User Name.
- The PSD70 network account password is the Password.

The "User Registration" form contains two input fields: "User Name" and "Password". Below the fields is a "Download" button.

The "Bradford networks" login screen is titled "Login - Bradford Persistent Agent" and "PSD70 -WiFi Network". It features the "BRADFORD networks" logo and a "User Information" section with the instruction "Enter user name and password". This section includes "User Name" and "Password" input fields, and a "Login" button at the bottom.

- The Bradford Persistent Wireless Agent may need to be installed on some devices.

You will be prompted to enter a Pass-Phrase

- The pass phrase is **PSD70-WiFi**
 - The pass phrase is case sensitive.
 - You must enter the pass phrase twice.
 - Certain devices will be put into "isolation" and checked for viruses and updates.
 - If the device is found acceptable network access will be provided.
-
